

Join the CLARITY Celebratory Learning Fair

Saturday 17th June, 9:00am - 1:00pm AEDT

No COST to Register

The CLARITY Learning Suite team invite you to join the
Celebratory 2023 Learning Fair online on
Saturday 17th June, 9:00am - 1:00pm AEDT

The online Professional Learning within CLARITY Learning Suite is based on Lyn Sharratt's text "CLARITY - What Matters MOST in Learning, Teaching and Leading" (Corwin Press).

The focus is on building teacher and leader capacity to increase student achievement and growth in an ongoing, sustainable way.

The CLS team of collaborators has created a powerful on-line professional learning experience that touches system and school leaders and teachers across the globe.

Whether you are currently working through the CLARITY Learning Suite or wondering if it's the Professional Learning for you, your school team, or your system, come, listen, watch, and hear from others who have completed CLS.

Learn how it has improved their practice as individuals and school teams. Be part of the developing CLS dialogue.

- Join us for this celebration of reflections and learning being shared
- Hear from CLS Graduates and from Universities offering a Master's credit on completion of the CLS
- We encourage each school attending or individual registrants to "Adopt-a-School" and invite others
- There is **NO COST to register** and attend the Learning Fair
- CLS Members will receive access to the Learning Fair material for the duration of their CLS Membership
- Non-members will receive access to the material until 19 August, 2023
